Dear Sir,

There is in the
army under your command, one of my old-
acquaintance that I particularly wish to have
to assist in building the engines of the new
Emerson Battery that I am now building -

I need him in fact as much as you
need help when your works here were burned
down, and I hope you will be able to let
me have him -

His name is Grenleaf Church and he
is a sergeant in the 1st. Ky. Vol. Regt. in

Hoping for an early affirmative reply
I remain

Sergt March is a good soldier and

can spare him from the Regiment, to be
ordered back as soon as his labours are over.

If you will forward me an order
directing him to report to Miles Greenwood
Cincinnati, on detached service, I will

forward. He was six years in Greenwood's

Hon. Wm. Stanton,

Dear Sir,

I had the honor
some two months since of addressing you, &
request that the furlough of Sergt. Church of
the 1st. Ky. Regt. and for many years a work-
man of merit, might be extended, he being
one of my most reliable hands now engaged
on the gunboat "Hippocampus" which I am
building for the United States Government -
You did me the favor of extending his
furlough 60 days, or till the early part of next
month, and it now desires to ask the favor
of a further extension -

One of our greatest obstacles in the rapid
completion of this work, is the great and ever
increasing scarcity of skilled labor. Church,
who has worked for me a long time, is of
more value for this purpose than half-a-
dozen men each of whom might be of equal
value in the ranks. I trust therefore
you will see it for the public good that he
should be permitted to continue on this job -
His name &c are as follows. Sergeant

Greenleaf Church, 1st. Kentucky Regiment,
1st. Brigade, 2d. Division, 21st. Army Corps,
Department of the Cumberland.

I am sir.

Hon. Wm. A. R. R.

Secretary of War.

Dear Sir -

Some three months ago I wrote you requesting to procure the services of one of my old hands, then a Sergeant in the Army of the Cumberland to assist me in building the gun boat Lippin's canoe upon which I am now engaged.

In reply he was allowed a furlough of 90 days for the purpose. His time will be up now. I mean that his furlough will expire on the 30. of July, and I wish to see if his furlough can be extended or any arrangement made by which I can secure his services for a longer period.

In the present state of the labor market skilled workmen are very difficult to procure, and if he can continue with me it will not only greatly oblige me, but materially aid in an important Government work.

This man is Sergeant Greenleaf Church of Co. I., 1st. Regiment of Kentucky Volunteers

Infantry -
Your early answer will greatly oblige

Yours very respectfully

A. Greenwood

FINAL STATEMENT

1864

Capt. Charles Norton
1st Regt of Kentucky Vol
Entered on 1st Regt. E. K.
VOLUNTEERS.
Disch April 4th 1864

NOTE 1.—Two of these certificates (or duplicates) are to be given to each Volunteer Soldier or drafted man who may be discharged previously to the discharge of his company, that he may at once receive from the Paymaster the pay, &c., due him, and the captain or other COMMISSIONED officer commanding the company will certify to the act of the delivery of the duplicate certificates; on these certificates the Soldier is "entitled to" his discharge, and should also present his discharge to the Paymaster to have the payment entered on it. The discharge is to be given back to the Soldier by the Paymaster; the latter only retaining as his voucher the duplicate certificates.

NOTE 2.—If the Soldier is entitled to pay for the use of his horse, the Company Commander will certify to that fact on the back of both these final statements, and also to the time he has pay due for having been so mounted on his own horse.

NOTE 3.—When a Soldier is furnished with final statements, his descriptive list, if he has one, should be taken up by the officer who gives the Soldier these statements, and endorsed with a statement to this effect by the officer. This endorsement should exhibit a full statement of the time for which the Soldier was allowed pay on his final statements, the clothing account, and all other charges against him or in his favor, so as to comprise a complete exhibit of his account. It will then be transmitted to the company commander of the Soldier, who will enter all the data necessary to a full understanding of the Soldier's account on the master roll upon which the Soldier's discharge is reported. The descriptive list will then be destroyed. The object of this is, that the remaining portion of the Soldier's account may be settled upon the receipt of these master rolls, and the Soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on his final statements from the fact that his descriptive list is incomplete. These accounts for back pay, &c., are settled by the 3d Auditor of the Treasury Department.

NOTE 4.—Charges for loss or injury to ordnance, horse equipments, and other miscellaneous charges, should appear under the heading of "Other Charges."

NOTE 5.—Bounty paid by State authorities, and not by the United States, will not be entered on this statement.

NOTE 6.—Amounts due the Soldier and his family must be entered on the master roll on which the discharge, death, desertion, &c., is reported, as well as on the final statement, otherwise the amount cannot be collected from the United States.

NOTE 7.—This blank will be used for deceased volunteers and drafted men, as well as for others.

NOTE 8.—Where a Soldier dies in Hospital or on detached service, his descriptive list, if he has one, should be sent with his final statements, in duplicate, to the Surgeon General's Office.

NOTE 1.

The company commander will have a full statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable cause for pension, special care must be taken to state the degree of disability—as *l. p.*, &c., &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

For 1880 Regulations, Ediz. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charges; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, catarrhs, ulcers, or any chronic disease liable to be faked or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's own company commander, or other officer commanding the company detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward them per post to the regimental, detachment, or post commander, who will forward them, with his own endorsed receipt, through the proper channel, to his division commander, or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the military or discharge claims may be specially assigned.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper; see that the soldier is furnished with the proper final documents in duplicate, and forward BOTH of these certificates direct to the Adjutant General United States Army, at Washington, D. C.; they will not under any circumstances be given into the hands of the soldier.

Concerning his arrest
1st Ky Regiment
Ganley, Sept. 7

P 24 - P

Camp, Sault Ste. Marie

Sept. 7th 1861

Brig. Gen. J. D. Cox

Respected Sir,

Pardon the liberty
of my addressing you on the following subject
but in my humble opinion it merits your con-
sideration.

I have been for the past twenty
two days confined in the Guard House on a
charge of "Desertion" preferred by Lieut. Col. Bryant
of the 1st Regt. and now for a true state-
ment of the facts of the case. On the 18th of August
last, Acting Adjutant J. W. Given, obtained a
furlough, and told me to "come with him" as
I was his clerk and he had the right to take
me. I went. After arriving at Charleston I
received a note from Col. C. commanding me
to report myself to my Company immediately. Given
told me to do as I pleased about coming back.
He went on to Gallipolis, while I remained in
Charleston, intending to come to Camp the first
opportunity I had, and while there, received a
letter from home, informing me of the dangerous

illness of my wife. with the request that I come
home immediately. I answered Col Engart's note
stated to him the foregoing facts. and went on
to Cincinnati. at the expiration of fifteen days.
I reported myself to Col Engart. as back to my
Regiment. and the next day about noon was placed
under arrest and a charge of Desertion preferred
against me. and I have been under arrest ever
since. These are the true facts in the case and
I now request that I be released from confine-
ment. I pledge my Honor. to hold myself
in readiness for trial at any time it may be
necessary. As to my former conduct. and attention
to my duties I take pleasure in referring you to
a. a. adj. Gen. J. M. Corine. Lieut. S. L. Christy
Col. Kuttin. and the larger portion of the officers
of the 1st Reg. Regiment. Hoping this will meet
with your approbation. I remain sir.

Yours to Command

NOTE 1.

The company commander will have add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier: the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as *i. e.*, &c., &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will abstain from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1300 Regulations, Ed. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, opthalmia, ulcers, or any chronic disease liable to be faked or purposely produced: and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander. If the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper, so that the soldier is furnished with the proper final statement in duplicate, and forward both of these certificates down to the Adjutant General United States Army, at Washington, D. C. they will not under any circumstances be given into the hands of the soldier.

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as *l. p. &c.*, &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1269 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is approved by the endorsement of the proper authority, sign the soldier's discharge, and the two certificates on this paper, one that the soldier is furnished with the proper final statement in duplicate, and forward both of these certificates to the Adjutant General United States Army, at Washington, D. C. They will not under any circumstances be given into the hands of the soldier.

Kae-944-1864

War Department,
Adjutant General's Office,

Washington, Nov 21st 1864.

Sir:

In reply to your letter requesting a Descriptive List of William Railing in Company L 1st Regiment of Ky Volunteers, I have the honor to furnish the following "Descriptive List" obtained from the records of this Office: which, from the want of the necessary data, (which is in the possession of the Company Commander,) is only "partial."

NAME, RANK AND REGIMENT, DESCRIPTION, &c.

William Railing a Corporal in Company D 1st Regiment of Ky Volunteers, is 44 years of age; but no further "description" can be obtained from the files of this Office. He was enrolled on the 10th day of May, 1861, at the town of Pendleton in the State of Ohio by Capt Cox and mustered into the service of the United States on the 5th day of June, 1861, at the town of Pendleton in the State of Ohio by Major S Burbank to serve for the period of 3 years, or "during the war."

ACCOUNT OF PAY.

It is stated on the Muster Out Roll of his Company for the months of June 18th 1861 that he was last paid by Paymaster Major Knapp to the 30th day of June, 1861.

ACCOUNT OF CLOTHING.

The files of this Office furnish no account of clothing: it must be obtained, if obtained at all, from his Company Commander.

REMARKS.

On same Roll he is reported a Private. "Taken Prisoner at Chickamauga Sept 9 1863 now at Danville & prisoner of war"

Very respectfully,

Your obedient servant,

Assistant Adjutant General.
(7)

To Chief Mustering Officer of State of Kentucky

This "Partial Descriptive List" is given in order that the soldier may be discharged at once, without waiting for a descriptive list from his company commander; and, having been used by the proper officer to make out the soldier's final statements, should be submitted with a statement to that effect by this office. This endorsement should exhibit a full statement of the time for which the soldier was allowed pay on his final statements, the clothing account, and all other charges against him or in his favor, so as to comprise a complete exhibit of his account. It will then be transmitted to the company commander of the soldier, who will enter all the data necessary to a full understanding of the soldier's account on the muster roll upon which the soldier's discharge is reported. This list will then be destroyed. The object of this is, that the remaining portion of the soldier's account may be settled upon the receipt of these muster rolls, and the soldier receive any pay or allowance that may be due him at the time of his discharge, and which may not appear on his final statements from the fact that this list is incomplete or "partial."

ACCOUNT OF PAY AND CLOTHING received October 20th 1864,
 at College Green Barracks, Annapolis, Md., by the following named men, belonging to 1
 Regiment, Ky. Infy., during the months of October 1864.

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as *l. i.*, &c., &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Per. 1209 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any chronic disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the company detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his own endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge soldiers may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper, and that the soldier is furnished with the proper final statement in duplicate, and forward both of these certificates down to the Adjutant General United States Army, at Washington, D. C.; they will not under any circumstances be given into the hands of the soldier.

was taken prisoner and severely wounded at the
Battle of Chancellorsville. His time of service expired
May 15th. He was brought to Baltimore
and sent from there to the City and furnished with
a furlough to June 15th when he is to report at

Being sick and having lost one leg and suffering
from his long journey he asks to be discharged of public

act of cruelty to move any further. I can you
grant his discharge without reporting as per furlough

Sir

In compliance with instructions from your office of the 3rd inst. directing to have the training Surgeon connected with this office examine and make a report in the case of Surgt. John Ritter Co. B. 1st Ky. Vt. Inf. I herewith enclose a report in regard to him.

As his Regiment is now in Lexington Ky and is expected to be mustered out in a few days I would suggest whether it would not be more convenient to allow this man to be mustered out with his Regiment in compliance with Circular no 36 adj. Gen. Office Washington May 2nd 1864. Should any thing occur to prevent his mustering out of which he has been advised I will then forward the proper certificates in his case as he is disabled forever.

Very respectfully

FINAL STATEMENT

OF "H"

Private John H. Rosenbaum
C. C. 1st Regt of Kentucky
Entered on 6 R
Quincy VOLUNTEERS. *Sept 25, 1861*
Camp San Geronimo

NOTE 1.—Two of these certificates (or duplicates) are to be given to each Volunteer Soldier or drafted man who may be discharged previously to the discharge of his company, that he may at once receive from the Paymaster the pay, &c., due him, and the captain or other COMMISSIONED officer commanding the company will certify to the act of the delivery of the duplicate certificates; on these certificates the Soldier is "entitled to" his discharge, and should also present his discharge to the Paymaster to have the payment endorsed on it. The discharge is to be given back to the Soldier by the Paymaster; the latter only retaining as his voucher the duplicate certificates.

NOTE 2.—If the Soldier is entitled to pay for the use of his horse, the Company Commander will certify to that fact on the back of both these final statements, and also to the time he has pay due for having been so mounted on his own horse.

NOTE 3.—When a Soldier is furnished with final statements, his descriptive list, if he has one, should be taken up by the officer who gives the Soldier these statements, and endorsed with a statement to this effect by the officer. This endorsement should exhibit a full statement of the time for which the Soldier was allowed pay on his final statements, the clothing account, and all other charges against him or in his favor, so as to comprise a complete exhibit of his account. It will then be transmitted to the company commander of the Soldier, who will enter all the data necessary to a full understanding of the Soldier's account on the muster roll upon which the Soldier's discharge is reported. The descriptive list will then be destroyed. The object of this is, that the remaining portion of the Soldier's account may be settled upon the receipt of these muster rolls, and the Soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on his final statements from the fact that his descriptive list is incomplete. These accounts for back pay, &c., are settled by the 2d Auditor of the Treasury Department.

NOTE 4.—Charges for loss or injury to ordnance, horse equipments, and other miscellaneous charges, should appear under the heading of "Other Stoppages."

NOTE 5.—Bounty paid by State authorities, and not by the United States, will not be entered on this statement.

NOTE 6.—Amounts due the Soldier and Landworn must be entered on the muster roll on which the discharge, death, desertion, &c., is reported, as well as on the final statement, otherwise the amount cannot be collected from the United States.

NOTE 7.—This blank will be used for deceased volunteers and drafted men, as well as for others.

NOTE 8.—Where a Soldier dies in Hospital or on detached service, his descriptive list, if he has one, should be sent with his final statements, in duplicate, to the Second Auditor, Washington, D. C.

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as *l. i. &c.*, &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1200 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be faked or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DISPOSITION.

This certificate will be made out in duplicate by the soldier's own company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander, or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper, and that the soldier is furnished with the proper final statement in duplicate, and forward BOTH of these certificates direct to the Adjutant General United States Army, at Washington, D. C.; they will not under any circumstances be given into the hands of the soldier.
